

**Teaching Schedule**  
**Academic year 2017**  
**SCID 514 Animal Experimentation in Biomedical Research 1(0-2)**

**Course Coordinators:**

**Assist. Prof. Dr. Warinkarn Hemstapat, B.Sc.**  
**(Pharm), Ph.D.**

**Room Pr 520, Tel 02-201-5647**

**E-mail: [warinkarn.hem@mahidol.ac.th](mailto:warinkarn.hem@mahidol.ac.th)**

**Date : Jan 17 – Mar 28, 2018**

**Place : Room B401**

**Laboratory : Central Animal Facility (CAF)**

<b>Part 1</b>				
1	Jan. 17, 2018	13:00-13:15	Orientation: <i>Why are animals used in biomedical science research?</i>	Assist. Prof. Dr. Warinkarn Hemstapat
		13:15-16:00	<b>Lecture 1:</b> Standard animal care	Dr. Christine Ege
2	Jan. 24, 2018	13:00-14:00	<b>Lecture 2:</b> Responsibility of principal investigator and research scientist	Dr. Christine Ege
		14:00-15:00	<b>Lecture 3:</b> Animal models in biomedical science: general consideration	Dr. Christine Ege
		15:00-16:00	<b>Class discussion 1 with demonstration:</b> Humane endpoints: What and why?	Dr. Christine Ege
3	Jan. 31, 2018	13:00-14:00	<b>Class discussion 2 with demonstration:</b> How to work with animals in the laboratory?	Assist. Prof. Dr. Warinkarn Hemstapat
		14:00-15:00	<b>Class discussion 3 with demonstration:</b> Observation of experimental animals: Pain and distress	Assist. Prof. Dr. Warinkarn Hemstapat
		15:00-16:00	<b>Class discussion 4 with demonstration:</b> Drugs and agents used in animal experimentation: Analgesics, anesthetics, euthanizing agents, antiseptics and disinfectants	Assist. Prof. Dr. Warinkarn Hemstapat
4	Feb. 7, 2018	13:00-15:00	<b>Class discussion 5 with demonstration:</b> Ethics on animal experimentation and how to write an animal use protocol?	Assoc. Prof. Dr. Tepmanas Bupha-Intr
		15:00-16:00	<b>Class discussion 6 with demonstration:</b> Visiting the Laboratory Animal Facility, Faculty of Science, Mahidol University	Assist. Prof. Dr. Warinkarn Hemstapat and Dr. Visut Rawiwet
5	Feb. 14, 2018	13:00-16:00	<b>Class discussion 6 with demonstration:</b> Basic techniques for animal Experimentation: Orientation for the laboratory session	Assist. Prof. Dr. Warinkarn Hemstapat
6	Feb. 21, 2018		<b>Self-study</b>	
7	Feb. 28, 2018	13:00-16:00	<b>Written Examination</b> (Room MDL4)	Assist. Prof. Dr. Warinkarn Hemstapat
<b>Part 2</b>				
8	Mar. 7, 2018	1300-1600	<b>Lab 1:</b> Basic handling and drug administration techniques: Rat I and <b>hand on exam</b> (at Central Animal Facility)	Assist. Prof. Dr. Warinkarn Hemstapat and staff
9	Mar. 14, 2018	1300-1600	<b>Lab 2:</b> Basic handling and drug administration techniques: Rat II and <b>hand on exam (Cont.)</b> (at Central Animal Facility)	Assist. Prof. Dr. Warinkarn Hemstapat and staff
10	Mar. 21, 2018	1300-1600	<b>Lab 3:</b> Basic handling and drug administration techniques: Mouse I and <b>hand on exam</b> (at Central Animal Facility)	Assist. Prof. Dr. Warinkarn Hemstapat and staff
11	Mar 28, 2018	1300-1600	<b>Lab 4:</b> Basic handling and drug administration techniques: Mouse II and <b>hand on exam (Cont.)</b> (at Central Animal Facility) <b>Feedback and Course summary</b>	Assist. Prof. Dr. Warinkarn Hemstapat and staff
